CAREER IMPACT AT A GLANCE

25+ YEARS TECHNOLOGY LEADERSHIP EXPERIENCE	\$100M IT P&L MANAGED	\$5.5B+ M&A INTEGRATED	\$22M HYPERSCALE DATA CENTER	10,000 GCC SCALE-UP SUPPORTED ACROSS INDIA	25+ GCC/COES ESTABLISHED AND SEEDED	1,000+ GLOBAL IT WORKFORCE BUILT
--	---------------------------------	----------------------------------	--	--	---	--

EXECUTIVE SUMMARY

Senior technology executive with 25+ years directing every dimension of enterprise IT infrastructure, data centers, cloud, ERP, cybersecurity, AI-driven operations, and global service delivery spanning end-to-end enterprise IT, always with full P&L accountability. As the founding IT employee of Qualcomm India, grew the operation from a single-person setup to a 10,000-employee, five-city R&D engineering enterprise with 25+ global CoEs, a \$22M Hyperscale data center and \$100M P&L accountability, leading IT teams of up to 1,000+ members across infrastructure, applications, security, and delivery, while delivering multi-billion-dollar M&A integrations and ranking #1 globally for Innovation and Excellence four consecutive years. An active AI/Computer Vision researcher, a doctoral candidate researching quantum computing and digital transformation, and a Certified Independent Director with formal board governance training.

SIGNATURE ACHIEVEMENTS

01 Built India's Most Sophisticated GCC from Zero — Qualcomm

Joined as Qualcomm India's first IT employee; over 13 years designed, built, and scaled the full IT ecosystem infrastructure, applications, cybersecurity, engineering platforms, NOC/BOC growing from 1 to 10,000 employees across five cities with a \$22M Hyperscale data center; scaled the global IT workforce to 1,000+ by deliberately applying the Forming–Storming–Norming–Performing model of team maturity to build high-performing units at pace.

Impact: \$100M P&L | \$5M annual savings | #1 globally for Innovation & Excellence, 4 years running | 99.999%+ availability

02 Delivered Three Multi-Billion-Dollar Semiconductor Acquisitions — On Schedule

Led IT integration for Spike, Atheros, and CSR combined enterprise value exceeding \$5.5B across systems consolidation, EDA toolchain migration, network integration, and cybersecurity harmonization under strict regulatory frameworks.

Impact: \$5.5B+ acquisition value | 40% post-merger operational improvement | Zero integration-related outages

03 Scaled Digital Delivery Across Three Continents — 40% Faster, 15% Cheaper

As VP of Global Client Management at DecisionOne, directed multi-vertical IT delivery across India, North America, and South America through agile transformation, DevOps adoption, and operating-model redesign.

Impact: 40% release velocity | 15% cost reduction | 35% GCC capacity expansion | 10% revenue growth

04 Raised \$5M Series A as CTO Co-Founder — Zero to Product in 18 Months

Co-founded PropVision India as CTO, architecting a cloud-native PropTech platform from first principles — technology architecture, product roadmap, cloud infrastructure, and go-to-market execution.

Impact: \$5M Series A raised | 30% operational efficiency gain | 20% market share growth in 18 months

05 Directing AI-Powered Defence Technology in a Mission-Critical Environment

SVP & CIO at a venture-backed defence tech start-up, architecting a defence-grade zero-trust cybersecurity framework and driving rapid prototyping of AI-powered operational tools using computer vision and sensor analytics.

Impact: Zero-trust framework deployed | AI-powered MVP in active development | Series A growth supported

CORE COMPETENCIES

Enterprise Technology Strategy & P&L Leadership	GCC / GDC Greenfield Build & Scale
Global Technology Operations & Service Excellence	Digital, AI & Enterprise Transformation
Enterprise Architecture & Platform Modernization	Cybersecurity, Risk & Technology Resilience
Global CoE / Shared Services Build & Leadership	M&A Integration & Post-Merger Transformation
Operating Model, Governance & Cost Optimization	Talent, Organization & Leadership Development
Board, C-Suite & Global Stakeholder Management	Innovation & Emerging Technology Leadership

PROFESSIONAL EXPERIENCE

- SVP & Chief Information Officer

Sep 2025 – Present · India

Stealth Defence Technology Start-up (Venture-Backed, Confidential)

- Directing end-to-end IT and digital strategy in a security-classified, mission-critical environment with full P&L accountability; architected a defence-grade zero-trust cybersecurity framework.
 - Built and lead a cross-functional technology team; instituted agile delivery, sprint releases, and CI/CD; driving AI-powered operational tools integrating computer vision and sensor analytics.
 - Primary technology advisor to founders, board, and investors; structured vendor and IP-aligned delivery frameworks supporting Series A growth.
- Strategic Technology & Management Consultant

Jan 2025 – Aug 2025 · Hyderabad

InfoTech Consultancy

- Advised C-suite leadership across technology and manufacturing sectors on digital transformation, IT operating-model design, GCC strategy, and cloud migration; led site-expansion feasibility studies.
- Doctoral Research (Full-Time)

May 2024 – Dec 2024 · Malaysia

Manipal GlobalNxt University

- Completed full-time DBA research covering AI strategy, quantum computing enterprise readiness, digital transformation governance, and next-generation IT operating models.
- VP – Global Client Management

Jun 2019 – Apr 2024 · India / N. America / S. America

DecisionOne Corporation

- Led multi-vertical IT delivery and client management across three continents; achieved 40% release-velocity increase, 15% cost reduction, and 20% client-satisfaction improvement via agile/DevOps transformation.
 - Defined digital transformation roadmaps integrating AI/ML analytics, cloud-native platforms, and ERP modernization; delivered 10% annual revenue growth through advisory-led initiatives.
- Co-Founder & Chief Technology Officer

Oct 2017 – May 2019 · Hyderabad

PropVision India Pvt Ltd

- Defined architecture, product roadmap, and cloud infrastructure for a PropTech start-up; secured \$5M Series A funding and achieved 20% market-share growth within 18 months.

- Joined as the first IT employee; built the enterprise IT organization from zero to 10,000 employees, 25+ global CoEs, and \$100M P&L over 13 years, including a flagship \$22M Tier 3 data center in Bangalore.
- Directed 24x7 follow-the-sun NOC/BOC operations and built cybersecurity, IAM, and data-sovereignty compliance (STPI/SEZ) from scratch, maintaining 99%+ availability.
- Led IT integration for three acquisitions (Spike, Atheros \$3.1B, CSR \$2.4B) totaling \$5.5B+, delivering 40% post-merger operational improvement, all on schedule.
- Seeded and scaled 25+ global IT delivery CoEs; ranked #1 globally for Innovation and Excellence four consecutive years with 90%+ employee satisfaction.

- Directed nationwide IT infrastructure and LAN/WAN deployment projects; achieved 20% reduction in delivery timelines and 20% productivity improvement across concurrent programs.

EDUCATION

- **DBA (Doctor of Business Administration) — Quantum Computing**, Manipal GlobalNxt University, Malaysia
- **M.Tech (Master of Technology) — AI & Data Science Engineering**, IIT Patna
- **MBA (Master of Business Administration) — Information Technology**, Amity University, India
- **MCA (Master of Computer Applications) — Cyber Security Specialization**, Manipal University, India
- **MA (Master of Arts) — Economics**, Andhra University, India

CERTIFICATIONS

- Project Management Professional (PMP)
- Six Sigma Black Belt
- Certified Independent Director — IICA / MCA
- Advanced Cybersecurity Certification — IIT Roorkee
- Microsoft Certified Systems Administrator (MCSA)
- ITIL Foundation Certified

BOARD & ADVISORY

Certified Independent Director (IICA / Ministry of Corporate Affairs); qualified to serve on corporate boards, audit committees, risk committees, and technology advisory boards for listed and unlisted companies.

THOUGHT LEADERSHIP & RESEARCH

- Active researcher at IIT Patna in AI & Computer Vision; research paper in progress.
- Doctoral research on quantum computing readiness, post-quantum cryptography (ML-KEM/ML-DSA), and hybrid classical-quantum architectures.
- Published thought leadership on GenAI, cybersecurity governance, GCC strategy, and quantum readiness. Speaker at NASSCOM, IESA, and government technology councils.

ENTERPRISE TECHNOLOGY & LEADERSHIP CAPABILITIES

STRATEGY, ARCHITECTURE & GOVERNANCE	INFRASTRUCTURE, CLOUD & OPERATIONS	SECURITY, RISK & RESILIENCE
IT Strategy & Enterprise Architecture (TOGAF)	Hybrid / Multi-Cloud (AWS / Azure / GCP)	Zero Trust, SOC & Cybersecurity
GCC / GDC Strategy & Operating Model	Data Centers, SAN / NAS & HPC	IAM / PAM
IT Governance, COBIT & Portfolio Mgmt	Unix / Linux / Windows Platforms	Data Privacy — GDPR / DPDP
IT Financial Mgmt — TBM / FinOps	Network, NOC / BOC & Global Operations	Cyber Resilience, BCP & DR
Vendor, Sourcing & Contract Mgmt	Edge & Infrastructure Automation	Third-Party Risk & Compliance
M&A & Post-Merger Integration	Digital Workplace & Collaboration	STPI / SEZ / Export Compliance

DATA, AI & EMERGING TECHNOLOGY	APPLICATIONS, ENGINEERING & DELIVERY	LEADERSHIP, TRANSFORMATION & GCC
AI / ML / GenAI / Agentic AI	ERP — SAP / Oracle	Global CoE / Shared Services Build
Computer Vision & Intelligent Automation	Microservices, APIs & Integration	Organization & Leadership Development
Data Platforms, Analytics & BI	DevSecOps & Platform Engineering	Transformation & PMO Leadership
Data Governance, MDM & AI Governance	SRE, Observability & AIOps	Board & Global Stakeholder Management
Quantum & Post-Quantum Cryptography	Agile / Scrum / ITSM — ServiceNow	Culture, Talent & Capability Development
IoT / Edge & Emerging Technologies	Semiconductor IT & EDA	GCC Greenfield Build & Scale
